

**Announcing the
JASPER KINSLEY SR., ALEX
MENDEZ, & ALTON WALLACE
MEMORIAL SCHOLARSHIP FUND
*S-keg Tas!***

Please help us honor the work
and keep the memory alive of
these
amazing Tohono
O'odham leaders.

In 2008, Ha:sañ Preparatory & Leadership School began awarding two graduating seniors this scholarship based on their academic achievement, demonstrated leadership, and commitment to their community.

Jasper Kinsley Sr., Alex Mendez, and Alton Wallace were an essential part of the founding team that created and grew Ha:sañ. Their involvement and leadership made Ha:sañ Prep., and subsequently, Ha:sañ Middle School the unique and thriving school communities they are today. Jasper, Alex, and Alton were incredible role models and a source of inspiration for students and staff alike. These elders embodied what Ha:sañ schools work everyday to empower in students:

- a sense of pride in and knowledge of their rich cultural heritage;
- a desire to continuously learn and achieve academic accomplishments;
- a deep commitment to their communities; and
- an unlimited amount caring to lead in challenging times.

Ha:sañ is a Tohono O'odham word that means Saguaro cactus. The Ha:sañ is a long-lived cactus that is often symbolic of the American Southwest. Like our youth, it takes a lot of investment and resources to survive and thrive in this world. As a matter of fact, it takes some Ha:sañ nearly 75 years to grow their first 'arm.'
